

Active Seating

Dynamic, movement-based seating can help promote concentration and engagement for those with ADHD, autism, and other learning disabilities by providing a slight, constant movement and additional sensory input.

Inclusive TECHnology Station

The Inclusive TECHnology Station
is a gift of the Friends of the
Bloomfield Township Public Library.

1099 Lone Pine Road, Bloomfield Township, MI 48302
(248) 642-5800 www.btpl.org/youth/special-needs/

AccessABILITY

Located across from the Special Needs Collection in the Youth Services Room, this universally accessible technology station was

developed for people of all ages and abilities.

Desktop PC

In addition to Microsoft Office, this PC has adaptive software and programs geared to people of all ages with special needs and their caregivers.

Software

Boardmaker

Create visual schedules and aids with this software that contains hundreds of universal images. (Disc available at the Youth Desk.)

ZoomText

This magnifier/reader software is great for low-vision users, enlarging everything on your computer screen, echoing typing, and reading documents, web pages, and email.

Word Q

Word prediction software can help with writing and reduce spelling, grammar, and handwriting errors. Great for language development! Works with all applications/programs.

Social Express

Fun, interactive videos help you to learn about social situations, conversation skills, visual cues, and much more!

Teen Career Path

Explore different careers and learn life skills with this fun, interactive program. (Ask for login assistance at the Youth Desk.)

Adaptive Accessories

- EZ See Large Print Keyboard
- Colorful BIGtrack 2.0 trackball mouse with capability switch option

iPad

Try 40 educational and engaging Apps that are geared to youth working on developing various skills (fine motor, visual processing, sensory awareness, language, reading, writing, visual-motor, auditory memory & processing, sequencing, social, emotion recognition, and spatial awareness).
