

OverDrive

# eAudiobooks for PC & MP3

## YOU WILL NEED

- MP3 Player (includes iPod)
- Windows (XP or newer) computer with:
  - an Internet connection
  - Microsoft Internet Explorer v7 or newer
  - Windows Media Player v9 or newer
  - iTunes v7.2.6.9 or newer (if transferring to Pod)
- Bloomfield Township Public Library card
- Free OverDrive Media Console software for Windows
- USB cable for transfer

## WORKS WITH

- MP3 and WMA eAudiobooks

**Note: The steps below must be performed on a computer or tablet.**

## SETUP

- **Install** *OverDrive Media Console (OMC)* for Windows software on your computer from <http://omc.overdrive.com>
- **Install** *Windows Security Update* if prompted.
- If transferring to iPod: **Open** iTunes and connect iPod. **Check Manually Manage Music** in *Summary* tab.

## BROWSE

- In your computer browser, go to [www.btpl.org](http://www.btpl.org) >Downloads (or [www.ebtpl.org](http://www.ebtpl.org))
- **Click** *OverDrive eAudiobooks* to enter the *MetroNet* site.
- **Sign in** with library card number before searching.
- **Explore Menu** and *Search* options.

## CHECKOUT

- **Click** an audiobook cover to select a title. **Click** *Borrow*.
- **Select** format: *MP3* or *WMA*. **Click** *Confirm & Download*.
- OMC software opens to complete the download. **Follow** the prompts.
- **Wait** for the download to complete. **Plug in** your MP3 player.
- With the title still highlighted, **click** *Transfer*.
- Your audiobook usually transfers to your player's *Albums* folder.
