ITEM 4: ADVISORY BUSINESS

Description of Advisory Firm

Schwartz & Co., founded in 1976 by Gregory J. Schwartz, Sr., is an SEC registered investment advisor and licensed broker/dealer. Schwartz Holdings, LLC is the 100% owner of Schwartz & Co. Gregory J. Schwartz, Sr. serves as Chairman of the Board and his five sons, Gregory J. Schwartz, Jr., Walter G. Schwartz, Joseph E. Schwartz, Edward A. Schwartz, and Peter F. Schwartz serve as officers and principals.

Types of Advisory Services

Schwartz & Co. offers advisory and consulting services to individuals, high net worth individuals, institutional retirement plans, trusts, estates, charitable organizations, corporations, and other business entities.

Wealth Management Services

Schwartz & Co. provides ongoing advisory services to wealth management clients. Services may be provided on a discretionary or non-discretionary basis. Individualized client services are determined during initial conversations and updated over the course of the relationship as needed or requested by the Client.

Schwartz & Co. works closely with each Client in an effort to determine the client's needs, goals, objectives, time horizons, risk tolerance and any other relevant information. This information is used in developing an effective investment strategy suitable for Client.

Prior to engaging Schwartz & Co. to provide advisory services, each Client is required to enter into a written agreement with the Advisor that defines the terms, conditions, scope of services, discretionary/non-discretionary authority, advisory fees, and other important disclosures. Clients may impose reasonable restrictions on investing in certain securities, types of securities, or industry sectors. Based upon information provided by the client, and with the client's input, we provide the following services:

- *Investment Objectives* Advisor will assist the Client in determining investment goals and objectives along with the broad strategy or strategies to be employed.
- Asset Allocation Advisor will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation, and tolerance for risk for each Client. Advisor will provide ongoing monitoring of asset allocation to assess appropriateness of current holding mix.
- *Portfolio Construction* Advisor will develop a portfolio of investments for the Client that is intended to meet the stated goals and objectives of the Client.

Based on the Client's situation and needs, Advisor may also provide initial or ongoing financial planning services to assist Client in meeting financial goals. Financial planning may address specific client needs such as retirement planning, tax planning, charitable planning, succession planning, risk management, education funding, major purchases, business planning and estate planning. These services are individually negotiated with the Client and confirmed in the agreement.

Advisor will monitor Client's account on an ongoing basis and conduct periodic portfolio reviews with Client. Advisor will attempt to meet with Client at least annually to discuss Client's investment needs, goals and objectives. Advisor will also review Client's account performance and the continued suitability of investments. Clients must notify Schwartz & Co. promptly of any material change in financial circumstances or investment objectives which might affect the manner in which accounts should be invested. Certain types of investments involve additional degrees of risk and will only be recommended when consistent with the client's stated investment objectives, risk tolerance, and liquidity needs.

b. Non-Fiduciary Consulting Services

In addition to the above described fiduciary services, Schwartz & Co. offers the following non-fiduciary services solely in a capacity that is not considered a fiduciary under ERISA or any other applicable law. Retirement plan clients may select one or more of the following services:

- *Benchmarking*. Advisor will benchmark investment performance of plan assets vs. similar investment alternatives.
- *Plan Due Diligence*. Advisor will assist plan sponsor in evaluating plan service providers and third party administrators, including reviewing fees and plan expenses.

We may also consult with the plan sponsor in the areas of plan design, administration, and provider due diligence, request for proposals, fee negotiations, enrollment packages, and fiduciary responsibilities. The services to be offered will be determined by the client and will be specifically outlined in the advisory agreement.

Financial Planning & Consulting Services

Schwartz & Co. provides a variety of financial planning and consulting services to clients on a one time or ongoing basis. Financial planning services will typically involve preparing a financial plan or providing a general financial consultation based upon an analysis of the client's current financial situation, goals, and objectives. Depending on the client needs, planning or consulting services may include: identification of financial problems, cash flow and budget analysis, tax planning, social security planning, risk exposure review, education funding, retirement planning, charitable planning, special needs planning, business management, buy-out negotiations, review of client's benefits package, and life insurance and disability insurance planning. These services may also include other areas that are specific to the client. Schwartz & Co. reserves the right to decline to provide advice about issues and topics outside its area of expertise. At Client's request, we may provide recommendations to Client as to other sources of professional advice to address such matters. All services to be provided will be clearly defined in the Financial Planning or Consulting Agreement. Financial plans provide to clients usually include general recommendations for a course of action to be taken by the client. Financial planning recommendations can pose a conflict between the interests of the Advisor and the interests of the Client. Clients are not obligated to implement any recommendations made by the Advisor.

Specific Types of Investments

Schwartz & Co. generally provides investment advice on the following types of investments: equity securities, corporate debt securities, municipal securities, United States government securities, exchange traded funds (ETFs), certificates of deposits, interests in real estate partnerships and investment company securities such as mutual fund shares, variable annuities, and variable life insurance. We have access to a full array of investment vehicles and our investment recommendations are not limited to any specific product or service.

Tailored Advisory Services & Restrictions

Advisory services are tailored to the individual needs of the client. Client goals and objectives are clarified in meetings and via correspondence and are used to determine the course of action for each individual client. The goals and objectives for each client are documented in client files, either in hard copy or in electronic files. Clients may impose restrictions on investing in certain securities or types of securities. This must be done in writing and signed by the client and the investment advisor representative working with the client.

Each client is advised that it remains his/her responsibility to promptly notify Schwartz & Co. when there is any change in his/her financial situation and/or financial objectives for the purpose of reviewing, evaluating, or revising previous recommendations and/or services.

Wrap Fee Programs

Schwartz & Co. does not participate in any wrap fee programs.

custodian or third party administrator should send account statements to the plan sponsor at least quarterly, which show all fees charged to plan accounts.

Clients may elect to be billed directly for fees or to authorize the Advisor to directly debit fees from plan assets. Generally, Clients elect to have fees deducted directly from the plan, pursuant to Client's written authorization. If Client elects to be billed directly, Schwartz & Co. will send a billing invoice to the plan sponsor and the plan sponsor agrees to remit payment to Schwartz & Co. within 30 days of receipt of the invoice.

Financial Planning & Consulting Services

Fees for financial planning and consulting services may be charged at an hourly or at a fixed fee rate. Fees are determined at the time of engagement and are specifically outlined in the client's Agreement.

Other Types of Fees & Expenses

Our firm primarily recommends mutual fund investments for retirement plans and client portfolios. Payment for these services is agreed upon by the client in the Agreement and can be in the form of direct or indirect compensation.

Direct compensation is an agreed upon direct payment from the advisory client to the Advisor. In instances where our firm serves exclusively as a registered investment advisor we do not get paid 12(b)-1 fees or commissions. The client may elect to pay us from either the plan assets or directly from the plan sponsor. These fees are received monthly or quarterly.

Indirect compensation is a payment to our firm paid by a mutual fund company. Clients are not charged by our firm for any cost beyond the expense ratios of applicable mutual funds. We provide the applicable mutual fund prospectus to the client, which fully discloses the cost structure and process described above. These fees are received on a monthly or quarterly basis from the mutual fund company.

The fees listed above have the propensity to place a client in the position of layered investment fees, i.e. being charged two sets of management fees for the same group of assets. Schwartz & Co. does not believe in this practice and does not simultaneously charge investment advisory fees and collect 12(b)-1 fees or commissions on the same assets. Therefore, assets under management are only charged one type of fee. In addition, various transaction, brokerage, and custodial fees and taxes could be incurred by clients on the execution of trades for their accounts through the brokerage arm of Schwartz & Co. These costs are rarely passed along to advisory clients as they are considered part of the investment advisory fee. Please refer to Item 12: Brokerage Services for more information.

Clients do have the option to purchase investment products that our firm has recommended through other brokers or agents that are not affiliated with Schwartz & Co.

Prepaid Fees, Refunds, Termination

Clients may terminate their contract by providing written notice as outlined in the Agreement. Upon termination of any account, any prepaid, unearned fees will be promptly refunded, and any earned, unpaid fees will be due and payable. Advisor will prorate the fee to the effective date of termination and debit any earned portion from the client's account or bill the client, depending on the terms of the Agreement. The effective date of termination will be set according to the terms of the advisory agreement and/or any special instructions from the client.

Other Compensation

As the Advisor to Stag Group, LLC, a pooled investment fund, Schwartz & Co. receives a fee equal to .5% per annum of the monthly net asset value (NAV), payable each month in arrears. The fund manager, AGW

Diversification: Diversification is a means to minimize investment risk by allocating assets into various areas of the market, such as large cap, mid cap, or small cap. If applied wrong, investors could find they are invested in differently titled mutual funds, for example, but those mutual funds could hold similar holdings, hence not providing them a true diversification in the market.

It is Schwartz & Co.'s philosophy to be long-term invested. While changes in funds can and will occur, our investment strategy is primarily focused on a long-term approach. Tax considerations may or may not factor into changes in a portfolio (i.e. harvesting losses). Our overall strategy includes focusing on good performing investment vehicles that are cost effective compared to the benchmark for that given asset class. We focus on an overall diversified approach, to minimize client risk by allocating assets and not overlapping the various areas of the market.

Risk of Loss

In managing and overseeing a portfolio of client assets, our advisors exercise great care to make sure that the client is aware of the specific risk of each distinctive investment practice that will be used. Investing in securities involves risk of loss which the client should be prepared to bear.

ITEM 9: DISCIPLINARY INFORMATION

As a registered investment advisor we have no legal or disciplinary events to disclose. There are no convictions of theft, fraud, bribery, perjury, forgery, counterfeiting, extortion, or violations of law. As an advisor we will disclose any legal or disciplinary events that are material to a client's evaluation of our advisors or management personnel, as well as any inabilities to meet contractual commitments to clients.

ITEM 10: OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

Financial Industry Activities

Schwartz & Co. is a dual registered investment advisor and broker/dealer. The broker/dealer registration allows us the ability to conduct securities trades on behalf of our advisory clients. As a broker/dealer we also have the ability to sell investment products for commission. This can create the potential for layering of client fees (refer to Item 5: Fees and Compensation). To prevent this from occurring, basic rules are followed by our firm:

- 1. Disclose to clients that commissions or transaction fees in addition to the management fees may be charged in executing transactions by the broker/dealer.
- 2. Clients have the option of choosing to execute transactions through another broker/dealer.
- 3. Fees, commissions, or transaction charges in the customer's account must be reasonable under general fairness and industry norms.

Financial Industry Affiliations

Several principals/owners of Schwartz & Co. also have ownership interests in other businesses, including:

Schwartz Benefit Services, LLC – Insurance agency that provides health and life policies to clients.

Schwartz Financial Group, Inc. – Purchases ownership interests in senior housing facilities that offer private placement investments to investors. These investments provide either cash flow or tax credits (or both) to investors. AHSFGI, LLC is a holding company for Schwartz Financial Group, Inc. investments. Schwartz Financial Group, Inc. and owners/principals of Schwartz & Co. have interests in several of these limited partnerships and limited liability companies including:

• American House Holdings, LLC – Holds interests in senior living business assets.

strive to improve their competence, 8) safeguard personal client information, 9) not accept extravagant gifts or entertainment, 10) avoid conflicts of interest.

A copy of the code of ethics will be provided to any client or prospective client upon request.

Client Transactions and Personal Trading

Registered Representatives of our firm do affect securities transactions for clients, for commissions. This occurs in instances where we are not serving in an advisory role. Such transactions are conducted in adherence with the applicable prospectuses, which are given to investors.

As a firm, we have recommended investment products such as: (1) publicly registered mutual funds; and (2) private placement investment units, which invest in senior housing, where principals of Schwartz & Co. have an ownership interest in the LLC's that offer the private placement investment units. We recommend these investments to broker/dealer clients and individual advisory clients. We do not recommend these investments to institutional/retirement plan broker/dealer clients or institutional/retirement plan advisory clients. Should an advisory client wish to invest in these products such transactions will be conducted in adherence with the applicable offering memorandum. Owners or employees of the firm do have a financial interest in the investment products listed above.

Our investment professionals occasionally buy and sell the same securities that it recommends to clients, which most commonly are mutual fund shares. Such transactions take place in adherence with the applicable prospectuses and under the trading rules and guidelines as set forth by the regulatory agencies.

ITEM 12: BROKERAGE PRACTICES

Schwartz & Co., as a dual investment advisor and broker/dealer, has the ability to offer brokerage services to our investment advisory clients. We do not require our clients to utilize our brokerage services. We disclose our affiliation in advance of the client agreement and give clients the option to utilize another broker/dealer to execute transactions. As a normal course of business, retail advisory clients choose to utilize the brokerage of the firm, however, retirement clients mainly utilize outside brokerage.

We have a fiduciary duty to execute securities transactions in such a manner that the client's total cost or proceeds in each transaction is the most favorable under the circumstances. Our firm, under the broker/dealer, has partnered with RBC Capital Markets, LLC, for trade execution. We acquire from RBC Capital Markets, LLC regular and rigorous reviews of their trading execution platforms to monitor that they execute transactions as favorably for our clients as possible. Favorable determination of a trade does not necessarily mean the lowest possible commission cost, but whether the transaction represents the best qualitative execution (i.e. the best price, fulfillment of the order, and speed in executing the trade).

If a client wishes for us to select or refer a broker/dealer that is not our own, we have a fiduciary duty to select a broker/dealer to execute a particular trade which will provide "best execution" for the client. By directing brokerage away from our firm, we may be unable to achieve the most favorable execution of client transactions and that this practice may cost clients more money.

Should a client insist we utilize a specific broker/dealer for their purpose, we work with the requested broker/dealer, and perform due diligence on the transactions executed. In client directed brokerage accounts the client may pay higher brokerage commissions because we may not be able to aggregate orders to reduce transaction costs, or the client may receive less favorable pricing.

ITEM 15: CUSTODY

Schwartz & Co. does not have physical custody of client funds or securities. These funds are held by qualified custodians. Clients will receive account statements from our correspondent, RBC Capital Markets, LLC or directly from the investment companies at least quarterly, or monthly if there is activity on the account. We strongly encourage clients to carefully review and compare all statements that they receive.

Exceptions to the above include four private placement investments and the pooled investment fund. The pooled investment fund carries two illiquid investments we are considered to custody. As such we follow the provisions of the custody rule and have the pooled investment fund's financial statements audited by a PCAOB registered auditor. Unaudited financial statements are provided to the fund's investors on a quarterly basis with the audited statements sent out annually.

ITEM 16: INVESTMENT DISCRETION

Schwartz & Co. currently accepts discretionary authority to manage securities accounts on behalf of clients. The amount of discretionary accounts our firm holds is minimal and is only put in place upon request from the client.

If a client wishes to give us discretionary authority on their account we require that such authority be established in writing through the advisory agreement and a signed document granting discretionary power to the Advisor. Clients can place limitations on this discretion and it must be done so in writing or included with the agreement. Limitations customarily requested are monetary limits per trade, discretion on certain investments in the portfolio, or limits on the actions an investment advisor representative can perform. Should the client wish to modify or remove discretionary authority the agreement may be updated at any time. Although we may have discretionary authority on an account, our office procedures require personnel to contact the client prior to the execution of any trade(s).

ITEM 17: VOTING CLIENT SECURITIES

Our firm does not vote proxies on behalf of clients. Proxies should be received by clients directly from the qualified custodians who hold the related security. Should the firm choose to exercise voting authority in the future, policies and procedures with respect to the Advisers Act Rule 206(4)-6 will be implemented. Clients can contact the firm should any questions arise relating to the proxies.

ITEM 18: FINANCIAL INFORMATION

The balance sheet of Schwartz & Co. has been prepared in accordance with the Generally Accepted Accounting Principles and audited by a PCAOB registered auditor on an annual basis. Our financial statements are prepared on the fiscal year ending 3/31. A copy of the audited balance sheet is available upon written or verbal request. A copy of the balance sheet is not required with this filing as our firm does not solicit prepaid fees.

As of this filing there are no financial conditions that exist that are reasonably likely to impair the Advisor's ability to meet contractual obligations to clients. The firm has not been the subject of a bankruptcy petition at any time in the past 10 years.

FY 2020-2021 Preliminary Budget Public Hearing

TO: Library Board of Trustees

FROM: Carol Mueller, Library Director

DATE: August 20, 2019

SUBJECT: Preliminary General Fund and Gift Fund Budgets for Fiscal Year April 1, 2020- March 31, 2021

FY 2020-2021 Public Budget Hearing

The enclosed packet is the August 20, 2019 Preliminary Budgets and Public Budget Hearing Motions for FY April 1, 2020 - March 31, 2021.

The purpose of the Public Budget Hearing is for the Bloomfield Township Public Library Board of Trustees to approve a Preliminary Budget, as required by statute, for the support and maintenance of Bloomfield Township Public Library. The Preliminary Budget is forwarded to the Charter Township of Bloomfield offices with a request for full tax assessment of the 2.0 approved mills, adjusted by Headlee roll-back.

OVERVIEW OF FY 2019-2020 AMENDED BUDGET – GENERAL FUND

The current FY 2019-2020 Adopted Budget has proposed amendments for the following:

- Property tax collections increased by \$124,015 and were received closer to the end of the collection period than in prior years. The estimated final settlement was not received in time for the adopted budget. Bloomfield Township believes the heavier collections closer to the due date were due to the Federal tax law change regarding personal itemized deductions.
- 2) Investment earnings increased by \$7,850 for updated projections based on actual revenue received through June, 2019.
- 3) In the Personnel functional category, additional funding was provided for salaries and wages due to retirement pay-outs. Health insurance costs decreased for one month health insurance premiums funded by rate stabilization funds. Bloomfield Township's actuarial report for the defined benefit pension plan was received in 4/2019, reporting an additional pension due of \$130,000 in 12/2019 for ADC (actuarial determine contribution). This additional payment was not known at the time of the adopted budget. In summary, Personnel costs increased by \$144,840.

- Approximately \$56,300 of other operational savings was achieved in all other functional categories through an extensive analysis and review of historical cost trends.
- 5) Capital projects increased for the roof replacement project. It was decided to complete Phases I & II over one year, instead of two years. This increased the current year budget by \$500,000.

In summary, operational revenues increased by \$131,865, operational expenditures increased by \$88,545, with an increase of \$43,320 net revenue over operational expenditures. The \$500,000 increase in capital projects for the roof replacement project increased the planned use of fund balance reserves by \$500,000 in the current fiscal year, and decreased the planned use of fund balance reserves in the next fiscal year.

OVERVIEW OF FY 2020-2021 PRELIMINARY BUDGET – GENERAL FUND

The current FY 2019-2020 Amended Budget was used as a baseline budget to develop the FY 2020-2021 Preliminary Budget, updated for three (3) key assumptions: tax revenues, personnel costs and capital improvement projects (CIP). All remaining budget line items were adjusted for any known material increases/decreases greater than \$5,000.

Taxable value projections were provided by Bloomfield Township as of June 11, 2019. A 3.05% increase is projected in property taxes for the FY 2020-2021 Preliminary Budget as compared to the anticipated 3.14% increase over the current fiscal year due to Bloomfield Township's projected increase in property values.

Providing the same salaries and benefits model used for the current fiscal year, personnel costs are projected to increase by 4.25%. However, the Personnel Committee and Library Director will review in February, 2020 and provide a recommendation for the March, 2020 FY 2020-2021 Proposed Budget.

The CIP was reviewed and updated for current project considerations, including the space needs assessment phase II and a video surveillance system projects.

Total revenues for the FY 2020-2021 Preliminary Budget are projected to increase by \$238,646 as compared to current FY 2019-2020 Amended Budget, representing a 3.08% increase.

Total operating expenditures for the FY 2020-2021 are projected to increase by \$193,470 as compared to the current FY 2019-2020 Amended Budget, representing a 3.05% increase. Capital projects decreased by \$2,358,468 for the roof replacement and strategic planning phase I projects to be completed in the current fiscal year.

The projected \$19,671 increase in net revenue over total operating and capital expenditures will increase the Library's estimated fund balance to \$9,569,359.

Gift Fund

As in past years, the FY 2020-2021 Preliminary Gift Fund Budget does not assume revenue from gifts. Expenditures are expected to be completed within the current fiscal year, so no carry-over expenditures are shown in the Preliminary Budget. This budget does, however, recognize two revenue items: The Myers Scholarship payout from the Community Foundation for Southeast Michigan (CFSEM) and interest earned from the bank on any gifts received is budgeted for revenue. The Preliminary Gift Fund Budget will be approved by the Library Board, but is not included in the Public Budget Hearing documents forwarded to Bloomfield Township.

Supplemental Budget Information

Included in this packet are two (2) supplemental schedules:

- 1) The <u>General Fund Balance Projection</u> is provided for five-years through FY 2022-2023. The projection shows a year-end fund balance of \$10,445,640 as of March 31, 2022 and \$9,925,545 as of March 31, 2023.
- 2) The <u>25-year SEV and Taxable Value History</u> schedule reports the trend in taxable values over 25 years.

	libraries. Under guidelines established by the Legislative Council, the public		
	library filing a state aid application must meet all three guideline requirements:

	guidelines are satisfied, the public library receives a state aid reimbursement		
	based on a per capita amount. Per Public Act 89 of 1997, legislation authorizes		
	a maximum level of \$0.50 as the per capita amount, but actual appropriations		
	may be less than this amount.		
	FORMULA : For August, review two-year history of actual State Aid received.		
	For March, review state library budget October 1 and use confirmed rate per capita, plus indirect/swing aid to update budget. Each library fiscal year typically		
	includes one-half of the prior year's and one-half of the current year's state aid		
	payments. The 2010 population is 41,070.

422.01		29,304	
	DESCRIPTION : Since 1939, with the exception of FY 1940 and FY 1941, the State of Michigan has provided state aid grant assistance to Michigan public		
	libraries. Under guidelines established by the Legislative Council, the public		
	library filing a state aid application must meet all three guideline requirements:		
	1.) 3/10 mill local financial support, 2.) hours open, and 3.) certified personnel.		
	After the public library files a state aid application and it is determined that guidelines are satisfied, the public library receives a state aid reimbursement		
	based on a per capita amount. Per Public Act 89 of 1997, legislation authorizes		
	a maximum level of \$0.50 as the per capita amount, but actual appropriations		
	may be less than this amount.		
	FORMULA : For August, review two-year history of actual State Aid received.	T	
	For March, review state library budget October 1 and use confirmed rate per capita, plus indirect/swing aid to update budget. Each library fiscal year typically

SUBJECT: Proposed 2020 Calendar

The proposed 2020 calendar includes eleven total days closed to the public and two early closings. The two evenings the Library closes early in 2020 are Thanksgiving Eve on Wednesday, November 25 and on New Year's Eve on Thursday, December 31 in 2020.
