OTHER:

There was discussion from the trustees on the reporting of Library Design Project expenses. President Spradlin commented on the \$25K spending threshold for approval. It was determined that Director Moon would report in more detail and provide proposals for spending at the Building and Grounds committee meetings, as well as updated timelines. They all agreed they wanted more reporting from the director with every board packet, as the spending in each category is finalized.

President Spradlin wished to discuss some of the patron comments. One was from someone with a hearing-impaired child interested in a program. The Library works with a company to hire ASL interpreters when needed. Trustee Dani Gillman thought this should be celebrated publicly more, and there were suggestions for promoting this in the newsletter.

President Spradlin inquired about the patron complaint of vending machine fraud. The machine has an upcharge for credit cards, which is the only currency it currently accepts; however, the prices are listed without this upcharge. Occasionally, the price has not been changed when the machine has been stocked with a different item.

President Spradlin asked about the door count being low. This was due to the door counter not working for a short time.

The next meeting scheduled is Tuesday, August 18, 2026, 6:30 p.m.

A motion was made by Shane Spradlin **TO ADJOURN THE MEETING AT 7:52 PM.**
